

Series P

Reliable, robust, easy to use

The "P Series" HSC350 checkweighers fully complies with the most stringent standards of hygiene, in wet environments.

Powerful,
robust and
accurate

The **food traceability and re-traceability laws** have added a further degree of complexity to the industry. The management software created by NEMESIS is an excellent solution to these problems.

STAT350 acquires indications about the origins of the products, as well as the events and variations that may have occurred during the individual production phases, **thereby complying with the HACCP recommendations.**
